MY HEALTH CARE WISHES
This form lets you give instructions about your future health care. It also lets you name someone to make decisions for you if you can’t make your own decisions. It’s best if you fill out the whole form, but, as long as it is signed, dated and witnessed or notarized properly, you may choose only to appoint an agent (section 1) or provide health care instructions (section 5). If there is anything in this form you do not understand, read the booklet that comes with this form and the italicized instructions on the form, or ask your physician, other health care professional or an attorney for help. You may also review additional information and instructions concerning advance health care directives on the California Medical Association’s website, www.cmanet.org. Internet access is available at your local public library.

U Option A. I, wish to appoint a health care agent.

__________

Fill in below the name and contact information of the person(s) (your agent and alternate agent(s)) you wish to make health care decisions for you if you are unable to make them for yourself. You may appoint alternate agents in case your first appointed agent is not willing, able or reasonably available to make these decisions when asked to do so.

Your agent may not be:

A. Your primary treating health care provider.

B. An operator of a community care or residential care facility where you receive care.

C. An employee of the health care institution or community or residential care facility where you receive care, unless your agent is related to you or is one of your co-workers.

2. AUTHORITY OF AGENT

Your agent must make health care decisions that are consistent with the instructions in this document and your known desires. It is important that you discuss your health care desires with the person(s) you appoint as your health care agent, and with your doctor(s). If your wishes are not known, your agent must make health care decisions that your agent believes to be in your best interest, considering your personal values to the extent they are known.

If my primary physician finds that I cannot make my own health care decisions, I grant my agent full power and authority to make those decisions for me, subject to any health care instructions set forth below. My agent will have the right to:

A. Consent, refuse consent, or withdraw consent to any medical care or services, such as tests, drugs, surgery, or consultations for any physical or mental condition. This includes the provision, withholding or withdrawal of artificial nutrition and hydration (feeding by tube or vein) and all other forms of health care, including cardiopulmonary resuscitation (CPR).

B. Choose or reject my physician, other health care professionals or health care facilities.

C. Receive and consent to the release of medical information.

D. Donate organs or tissues, authorize an autopsy and dispose of my body, unless I have said something different in a contract with a funeral home, in my will, or by some other written method.

I understand that, by law, my agent may not consent to committing me to or placing me in a mental health treatment facility, or to convulsive treatment, psychosurgery, sterilization or abortion.

OPTIONAL: I want my agent's authority to make health care decisions for me to start now, even though I am still able to make them for myself. I understand and authorize this statement as proved by my signature.

3. PRIOR DIRECTIVES REVOKED

I revoke any prior Power of Attorney for Health Care or Natural Death Act Declaration.

You may revoke any part of or this entire Advance Health Care Directive at any time. To revoke the appointment of an agent, you must inform your treating health care provider personally or in writing. Completing a new California Medical Association Advance Health Care Directive will revoke all previous directives. If you revoke a prior directive, notify every person, physician, hospital, clinic, or care facility that has a copy of your prior directive and give them a copy of your new directive, if you execute one.

4. COPIES

My agent and others may use copies of this document as though they were originals.

Your agent may need this document immediately in case of an emergency. You should keep the completed original and give copies of the completed original to (1) your agent and alternate agents, (2) your physician(s), (3) members of your family and others who might be called in the event of a medical emergency, and (4) any hospital or other health facility where you receive treatment. Instruct your agent(s), family, and friends to provide a copy of your directive to your physician(s) or emergency medical personnel on request.
5. HEALTH CARE INSTRUCTIONS

You may, but are not required to, state your desires about the goals and types of medical care you do or do not want, including your desires concerning life support if you are seriously ill. If your wishes are not known, your agent must make health care decisions for you that your agent believes to be in your best interest, considering your personal values. If you do not wish to provide specific, written health care instructions, draw a line through this Section.

The following are statements about the use of life-support treatments. Life-support or life-sustaining treatments are any medical procedures, devices or medications used to keep you alive. Life-support treatments may include: medical devices put in you to help you breathe; food and fluid supplied artificially by medical device (feeding tube); cardiopulmonary resuscitation (CPR); major surgery; blood transfusions; kidney dialysis; and antibiotics.

Sign either of the following general statements about life-support treatments if one accurately reflects your desires. If you wish to modify or add to either statement or to write your own statement instead, you may do so in the space provided or on a separate sheet(s) of paper which you must date and sign and attach to this form.

OPTIONAL: The statement I have signed below is to apply if I am suffering from a terminal condition from which death is expected in a matter of months, or if I am suffering from an irreversible condition that renders me unable to make decisions for myself, and life-support treatments are needed to keep me alive.

A. I request that all treatments other than those needed to keep me comfortable be discontinued or withheld and my physician(s) allows me to die as gently as possible. I understand and authorize this statement as proved by my
