Mr. Peter Kote
Professional Fiduciary Services
23601 Moulton Parkway, Suite E
Laguna Hills, CA 92653

Dear Peter:

Our spring session of *Its Your Money/Estate* has concluded this week with another very successful season! We held classes at five locations around our area. Attendance since we started to program is now 400 or so.

Our evaluations continue to be positive. Almost all of our sponsors have been with us since the beginning. We are really pleased to be able to offer this important series and continue to be impressed with the attendance.

I wrote about the series in my column in our June program guide and have enclosed a copy for you. This guide is direct mailed to 8000 donors each month with extra copies given out at our many community events.

We cannot thank you enough for helping us launch this outstanding program in our area! While we may not have you at *Suze Orman* status quite yet, we're working on it!

I hope you are having a successful spring series in OC. Be sure to let me know when you are up this way again.

Best regards,

Kurt A. Mische, CRMC/CRSM

It's Your Estate

The spring session of our It's Your Estate & It's Your Money classes has just concluded. This outstanding series of classes on the basics of estate planning and money management is another way KNPB serves its community and provides life long learning.

The It's Your Estate & It's Your Money series is the brainchild of Peter Kote, a professional fiduciary located in Orange County California. Through his work in the non-profit sector, as an educator and as a fiduciary, he saw first-hand the trouble that results when people fail to create an estate plan. Worse still, he saw clients taken advantage of by "experts" who were more interested in lining their pockets than helping clients. Peter created an 8-week series of classes designed to teach the basics of estate planning and money management. The classes were offered free of charge, taught by established leaders in their fields who taught as a public service. The Orange County Community Foundation and several leading non-profits in the area sponsor the classes that have educated thousands over the last decade.

In the fall of 2010, KNPB partnered with the Community Foundation of Western Nevada to launch It's Your Estate in the Reno area. With guidance from Peter Kote and the support of 10 leading non-profit organizations, the response was overwhelming. From one series offered at three locations, we now offer classes at five libraries throughout the area. Leaders in the fields of estate planning donate their time and expertise to teach the classes. No products are sold, no fees are charged and the focus is on providing attendees with a safe environment in which to learn, ask questions and most importantly, make decisions about their estate plans. Nearly 400 people have attended our classes since their inception!

KNPB and the Community Foundation are honored to have Desert Research Institute, Boys & Girls Clubs of Truckee Meadows, Food Bank of Northern Nevada, UNR Foundation, Renown Health Foundation, United Way of Northern Nevada and the Sierra, Nature Conservancy and Nevada Land Conservancy as our partners in sponsoring these classes.

The non-profit sector of our community does important work that others are not equipped to do. Whether helping those less fortunate, curing serious diseases, providing for education or improving our quality of life, these organizations provide vital services that directly impact each of our lives. Your donations to KNPB and these leading non-profits are really investments you make in yourself, your family and your community.
